

# Open House #1 Station Guide

**Welcome!** Thank you for attending tonight's Open House. The following guide is an overview of the information presented at each station. Project team members are available at every station to answer your questions.

**Station #1 - Study Overview:** At this station you can learn about the reasons for the Route N Study, view a map of the study area, see the study schedule, and learn about project funding.

**Station #2 - National Environmental Policy Act:** This station provides an overview of the National Environmental Policy Act (NEPA) process being followed for the Route N Study.

**Station #3 - Issues and Vision:** Here you can review maps of the Route N corridor and speak to the study team about the issues you encounter and your vision for the future.

**Station #4 - Your Involvement and Input:** This station provides information about the study's public involvement activities including ways you can be involved and provide your input.
